PHASE 1 :

Time :	10:00 AM to 01:00 PM
Participants :	32 Participants
Event type :	Tech Debate
Evaluator :	Prof. Hina Patel

The event was buzzing with energy as 8 teams took the stage to discuss some fascinating topics. From driverless cars to government intervention in research, the debates were intense and thought-provoking. The teams presented their arguments with passion and conviction, making it a truly engaging experience for everyone involved.

Professor Hina Patel, the judge, brought her expertise to the table and provided valuable insights throughout the event. It was great to see how the audience got involved too, asking questions and participating in polls to make the debates even more dynamic. The atmosphere was electric and it was clear that everyone had done their research and put a lot of effort into their presentations. It's always inspiring to see people come together to discuss important issues and share their perspectives.

Overall, the "TechTalk Showdown" was a fantastic opportunity for intellectual exchange and learning. It's events like these that remind us of the power of open dialogue and the importance of staying informed about the latest technological advancements.

GLIMPSES:

PHASE 2:

Time :   02:00 PM to 05:00 PM

Participants :   16 Participants

Event type :   Tech Debate

Evaluator :   Dr. Sudhir Vegad, Prof. Jay Raval, Prof. Jalpa Kantaria,

                       Prof. Sagar Jani

The second phase of the debate followed a similar process. The debates were conducted between the first two teams and then the next two teams. The final debate, involving four teams, was truly captivating. Surrounding was filled with excitement and it felt like a real debate. The judges, Prof. Jalpa Kantariya, Sagar Jani, brought their expertise and made the debates even more interesting. The debates showcased participant knowledge and debating skills. The participants and the audience had a great time, asking questions, sharing knowledge and improving their skills. Then, evaluator narrowed it down to the final two teams.

The final debate was quite interesting and created atmosphere. The final two teams went head-to-head, with Dr. Sudhir Vegad and Prof. Jay Raval as judges. The debate was captivating and everyone thoroughly enjoyed it. Dr.Sudhir Vegad provided valuable insights and inspired the participants. We concluded the event by presenting certificates to the deserving winners and runners-up, making it a memorable occasion.

The debate experience was absolutely incredible! and the participants were passionate and articulate. The judges added to the excitement and made it even more engaging. It was a great opportunity to showcase our knowledge and skills while learning from others. Overall, the debate experience was intense, thrilling, and definitely one for the books! We witnessed a great display of knowledge about technology. The final round was truly fascinating, with the debates going exceptionally well and everyone actively participating and enjoyed it. Marking the successful conclusion of the event.
